Subject: Request for Immediate Action to Resolve Waterlogging in Our Area

Respected Sir/Madam,

I wish to bring to your kind attention the serious problem of waterlogging in our area, particularly in [mention the affected street or locality].

Due to improper drainage and the accumulation of stagnant water, residents are facing considerable inconvenience. The situation is causing difficulties for pedestrians and vehicles and may lead to mosquito breeding, unhygienic conditions, and the spread of diseases. The problem becomes even more severe during rainy periods.

Despite the difficulties faced by the residents, the issue requires urgent attention and appropriate remedial measures.

Therefore, I kindly request you to inspect the affected areas and take immediate action to clear the stagnant water, clean and repair the drainage system, and implement suitable measures to prevent waterlogging in the future.

I hope you will treat this matter as a priority and take the necessary steps to safeguard public health and ensure the well-being of our village residents.

Thank you for your attention and cooperation.

Yours faithfully,
